My name is Pierre Koomuk I was born in Churchill, Manitoba, but I was raised in Arviat NU. I have seven brothers and three sisters. I am the oldest of my brothers and sisters I am married and have six children. I started the Certificate Jewellery course at Nunavut Arctic College on Jan 8/1995 to 1998 and I received my certificate and Diploma in Jewellery & Metalwork program. My next course was small business fundamentals for artist at Nunavut Arctic College from November 1998 to April 1999.

I make Jewellery and 3D bowls and Containers that are Chased Textured all around. I like the imagery of animals, because the animals on the land and water are our only source of food when we are out hunting.
